----------------------	------------

HUBERT B. CASE, Treasurer

Town Deposit Fund.

Auditors' Report.

We, the auditors for the Town of Barkhamsted, having examined the accounts of Selectmen and Treasurer, and vouchers therefor, find the same to be correct, to the best of our knowledge and belief.

M. A. DOOLITTLE,	} Auditors.
F. L. STEPHENS,	

Barkhamsted, September 28th, 1885.

REPORT OF THE

Board of School Visitors.

ABSTRACT FROM MINUTES OF THE MEETINGS.

October 10, 1884, S. Merrell was chosen chairman and J. B. Clarke secretary; also M. Hart and J. B. Clarke were appointed acting visitors.

Appropriations: To Districts No. 2, 4, and 5, \$112 each; to districts 1, 3, 7, and 11 \$128 each; to districts 6, 8 and 10, \$170 each, and to district No. 9 \$442.

September 7, 1885. Voted: Not to grant additional appropriations to those districts which expended more than their amounts as above.

THE SCHOOLS the past year have all been in a good degree successful.

THE SCHOOL HOUSES are now in fair or good condition. Districts 2 and 5 made repairs last fall.

SCHOOL BOOKS are now kept by Hart Bros. at Riverton, and Case Bros. at Barkhamsted. Books purchased of them will be of the right series.

EXPENSE OF SCHOOLS TO THE TOWN.

Appropriation,	\$1,800 00
School Board for services,	60 00
Total paid,	1,860 00
Received from the State,	402 00
Town deposit fund,	264 24
Union districts, balance,	36 72
Total received,	702 96
Actual expense to the town,	1,150 29

The following table contains the remaining items of chief interest. Parents should notice the number of visits in their own district, and remember that *four per term* are required of school officers. Visits are one test of parents' interest.

Dist- ricts.	Enumer- ation.	School days.	Terms.	Regis- tered.	Average At'tnd'ce	Expense of Schools.	Exp. per Scholar.	Vis- its.

By cash in treasury, September 18th, 1886, \$2,756 28

HUBERT B. CASE, Town Treasurer.

Town Deposit Fund.

REPORT OF TREASURER OF TOWN DEPOSIT FUND.

Amount of Fund, \$4,404.00 invested in Barkhamsted Town orders.

Amount of income for the year ending September 30, 1886, \$264 24

which has been paid for the support of schools.

Balance in treasury, 4,404 00

HUBERT B. CASE,
Treasurer Town Deposit Fund.

Auditor's Report.

I, the auditor for the Town of Barkhamsted, having examined the accounts of Selectmen and Treasurer, and voucher therefore, find the same to be correct, to the best of my knowledge and belief.

MELVIN A. DOOLITTLE, Auditor.

Barkhamsted, September 21, 1886.

School Visitors' Report.

Mr. F. L. Stephens shared with the Secretary the work of examining teachers and visiting the schools.

In a few districts, the parents show commendable interest in their schools by visiting them. In most districts, the reverse is true.

District No. 1 secured 25 weeks of schooling for their appropriation. No. 3 had a semi-select school in the winter, by the payment of \$6.00 tuition by each of the ten older scholars. No. 4 by the vote of the district, held their Summer school at the house of the teacher. No. 7 had teachers trained in Collinsville High School. No. 9 was especially fortunate in securing good teachers. No. 11 failed to comply with the law in the number of weeks schooling.

Dist- ricts.	Enumer- ation.	Regis- tered.	Average At'tnd'ce.	Expense of Schools.	Exp. per Scholar.	Actual Days of School.	Daily Expense for each At'tnd Scholar.

HUBERT B. CASE, *Town Treasurer.*

RIVERTON, CONN., Sept. 15, 1888.

We the undersigned, auditors for the town of Barkhamsted, certify that the above report is correct, to the best of our knowledge and belief.

MELIM A. DOOLITTLE, }
F. L. STEPHENS, } *Auditors.*

Annual Report of the School Visitors.

We have the honor of presenting the following report of the doings of the Board of School Visitors and joint Board of School Visitors and Selectmen for the year ending September 15, 1888;

At a meeting of the Board of School Visitors held at the Town House, October 8, 1887, Rev. J. B. Clarke and F. L. Stephens were elected Acting School Visitors and also a committee to examine the teachers.

At the same meeting the joint board made the following appropriations:

District No. 4,.....	\$ 64.00
“ 2,.....	116.00
“ 3, 5, 6, 7, and 10, \$128 each.....	640.00
“ 1, 8, \$165 each.. ..	330.00
“ 11,.....	160.00
“ 9,.....	442.00
Total,.....	<u>\$1,752 00</u>

At a special meeting of the Board held at the Town House, November 2, 1887, called to act upon petitions from Districts No. 2, 5, and 7, the following appointments were made:

District No. 2.—E. J. SLADE, *Clerk*.
E. BROCKETT, *Com. and Collector*.
A. W. SLADE, *Treasurer*.

District No. 5.—H. P. CASE, *Clerk and Com*.
J. W. ATWATER, *Treas. and Collector*.

District No. 7.—MONROE HART, *Clerk and Collector*.
WALTER HART, *Com. and Treasurer*.

The number of children between the ages of 4 and 16 years on the first day of January, 1888, as returned by the district com-

mittees, was as follows: District No. 1, 27; 2, 18; 3, 16; 4, 6; 5, 18; 6, 12; 7, 18; 8, 27; 9, 67; 10, 15; 11, 22. Total 246; of which 234 attended school, and 12 did not attend.

A special meeting of the Board was held April 2, and the resignation of Rev. J. B. Clarke accepted, and George A. Weed and Rev. C. Lathbury were appointed Acting Visitors.

The Joint Board of School Visitors and Selectmen met June 12, 1888, in accordance with law, and made the following estimated expenses of the several districts for the year beginning September 1, 1888: Districts No. 2 and 6, \$116.00 each; No. 3, \$120.00; No. 4, \$64.00; No. 5, 7, 10 and 11, \$128.00 each; No. 1 and 8, \$165.00 each; No. 9, \$442.00. Also voted to recommend at the annual meeting an appropriation of \$1,800 for the support of schools.

A special meeting of the Board was held September 3, 1888, and by reason of the failure of the 8th District to elect the officers as required by law, appointed Jerome Manchester, committee, and D. B. Tiffany, clerk, treasurer and collector.

MONROE HART,
Secretary of Board.

The Acting Visitor of the fall and winter terms has nothing new to report. The schools went on in about the usual course and were for the most part fairly successful.

District committees in this town generally fail to make the visits the law requires. The law appears reasonable and its observance would certainly increase the efficiency of the schools.

It would seem that all parents would have sufficient interest in the education of their children to visit the places where that education is largely gained, at least once every term; and, in the opinion of the Visitor, such visits would be profitable in every way.

Respectfully submitted,

J. B. CLARKE.

Ninth District.—In the primary department of this school the progress has been quite satisfactory, and the care bestowed on the children by the teacher, who has had charge during the entire year, cannot be over estimated. Her judgment and watchfulness having been as valuable as her instruction in studies. The

advanced room has not been so fortunate, on the whole, there having been two new teachers during the year, one of them not being competent to teach or manage the school as well as it should be, and the other having hardly the necessary energy the school calls for. The visits of parents are few and far between. The teachers complain of the lack of interest taken in the school, and much benefit would be derived if parents would co-operate with teachers in the discipline of the school, instead of shielding children from deserved censure, as has too often been the case.

F. L. STEPHENS.

VISITOR'S REPORT.

I am expected to report upon the condition and prospects of the five schools under my supervision.

The task of visiting these schools has been a pleasant one to me. I have enjoyed the pleasant conversations with teachers and scholars, and renewed again the experiences of my boyhood days by picturing myself once more a child at school. I have been impressed of the worth of these rural educational institutions; the quiet situation away from the noisesome city or town is conducive to consecutive study, and the limited number of scholars gives to each personal help from the teacher.

These small schools are less mechanical and more home-like than the larger ones, therefore, I think, possess additional value. I have noted that the men and women who are felt in the nation were instructed, as a rule, in the country schools.

No. 1 (Center School) has had a prosperous and enjoyable year for both teacher and scholars. The children have been under the care of Miss Emma Hoskins, of whom many good things might be said. I found the school orderly and the scholars interested and making reasonable advancement.

No. 2 (Center Hill). This school perched upon the hill-top, so near heaven, ought to possess unusual advantages, and does in some respects. It is a quiet place for study, the air is pure, and there is plenty of room to romp in the woods; yet it is very cold and windy in winter—hills are wearisome to climb in summer and breezy in winter. Just why our worthy fathers built villages and schools and churches upon the mountain tops I fail to

understand. The buildings here need attention, especially the out-buildings. The scholars have done nicely under the instruction of Miss Anna E. Moore.

No. 8 (Green School) was taught by Miss Anna Mills. I would suggest some inside repairs: the walls could be made more attractive with small expense, and surroundings are educational, they make their impress upon the life of the pupil. The out-building also needs looking after.

No. 10 (Valley School) has rightly earned a word of commendation and cheer under the energetic labors of Mrs. Geo. A. Baker, as committee. The building has been transformed; it has not only been made more habitable but more ornamental. The enterprise and interest which Mrs. Baker has shown in her school is admirable, and worthy of imitation. Miss Holcomb is a quiet, dignified, thorough teacher, and leaves many friends and well-wishers.

No. 11 (Mallory) is one of the pleasantest, for situation, that I have visited. The structure is of brick, and nestled among the shade trees under the hill; is warm in winter and cool in summer. Miss Mabelle Taylor has taught here for several terms and is desired for the future; to the sorrow of the district she has sought another field. Improvement might be made here in out-buildings, as is the case generally. I hope the day will come when more money can be turned into this much needed work of educating our youth. Money is power here as well as elsewhere. We cannot expect our young men and women to fit themselves for thorough teachers, at much time and outlay, and get in return laborers' wages. They ought at least to receive some interest upon the money invested.

Respectfully submitted,

CLARENCE LATHBURY.

The schools for the summer term were visited by G. A. Weed in Districts 3, 5, 6 and 7.

No. 3 (Washington Hill). Taught by Jessie M. Weed. The teacher failed to secure and keep control of the school. The scholars, through lack of effort and irregular attendance in school hours, failed, with few exceptions, to make commendable progress. Wages per month, \$21.

No. 4 (North East). No summer term.

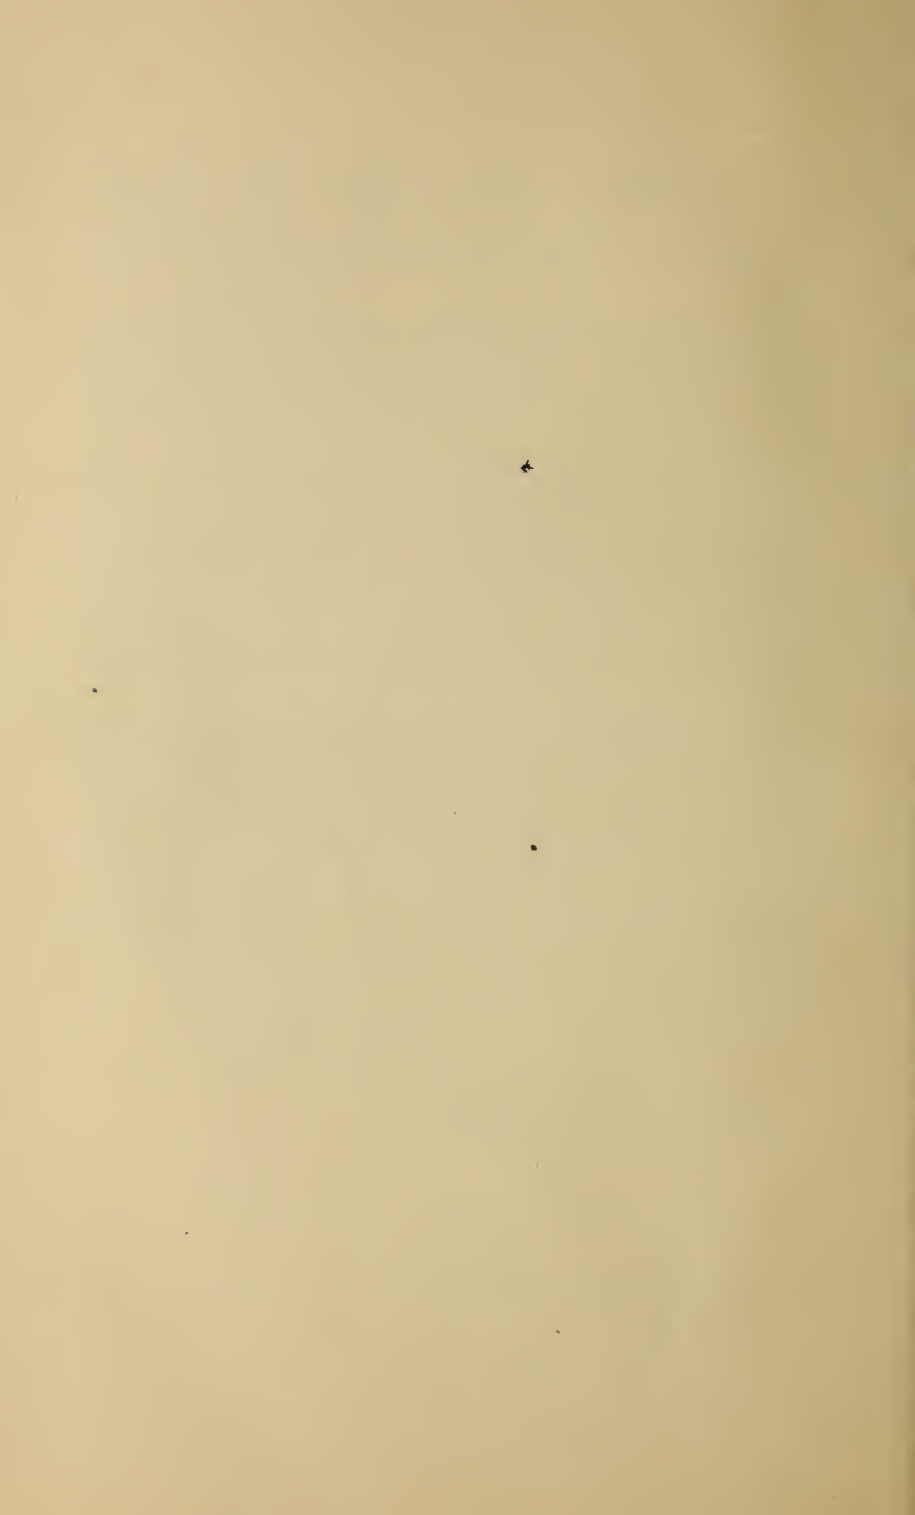

No. 5 (South East). Emily Johnson, teacher. Mild and firm in Government, she had good order;—thorough in instruction, securing attention from the scholar. As a school, somewhat backward, but apparently making good progress. Wages, \$19.50.

No. 6 (South Hollow). Nellie S. Dowd, teacher this and winter term. Good order. Progress fair. But to create and sustain good interest with an average attendance below six, requires energy and tact seldom found in the average teacher. Wages, \$21 $\frac{1}{3}$.

No. 7 (North Hollow). Elliott F. Talmadge, teacher. He had good life, worked with energy, and kept the school at work. If, in his zeal, he planned and tried to perform more than was practicable, it was a fault so rarely seen we might well overlook it. Attendance very good. Wages, \$20.

The Visitor commends these schools in some respects, but regrets that in others they compare so unfavorably with adjoining towns.

Better wages would secure for our schools a better class of teachers, who, having the hearty co-operation of the district, would attain success where now too often the results border closely on failure.

HUBERT B. CASE, *Town Treasurer.*

RIVERTON. CONN., Sept. 23d, 1889.

We the undersigned, auditors for the town of Barkhamsted, certify that the above report is correct, to the best of our knowledge and belief.

M. A. DOOLITTLE, }
F. L. STEPHENS, } Auditors.

Report of the Board of School Visitors.

At the annual meeting of the Board held at Town House, Oct. 5th, 1889, Sheldon Merrell was chosen chairman and Geo. A. Weed, secretary.

F. L. Stephens and G. A. Weed were elected acting visitors and committee to examine teachers.

Also Rev. C. Lathbury was appointed acting visitor to finish the term of schools now under his charge.

Voted that all "teacher's certificates" should *terminate* with the present (fall) term of school.

The joint board apportioned to the several districts as estimated June 12, viz:—

District No. 4,	64.00
" 2, and 6, \$116 each,	232.00
" 3,	120.00
" 5, 7, 10, and 11, \$128 each,	512.00
" 1 and 8, \$165 each,	330.00
" 9,	442.00
Total,	<hr/> \$1700.00

The Joint Board of School Visitors and Selectmen met June 11, 1889, as required by law and estimated expenses of the several districts for the year ensuing. Districts, 2 and 6, \$116 each; No. 3, \$120; Nos. 5, 7, 10 and 11, \$128 each; Nos. 1 and 8, \$165 each; No. 9, \$442. Also estimated for District No. 4, \$64, but the board recommend that said district be united with some other *without appropriation*. Also voted to recommend to the town at its annual meeting an appropriation of \$1,800 for the support of schools.

Enumeration Jannary, 1889. District No. 1, 25; 2, 19; 3, 14; 4, 2; 5, 20; 6, 10; 7, 15; 8, 27; 9, 78; 10, 12; 11, 27. Total, 249, of which 231 attended school and 18 did not attend.

GEO. A. WEED,
Secretary of School Board.

ACTING VISITOR'S REPORT.

Mr. F. L. Stephens was acting visitor in District No. 9. Rev. C. Lathbury for fall term in Nos. 1, 2, 8, 10 and 11. The secretary of school board had charge of the rest.

District No. 1. Had as teacher for the year Miss Emma L. Hoskins, their teacher of the previous year. The parents are commended for their wisdom in retaining a good teacher term after term.

No. 2. The fall term by Miss Anna E. Moore. Summer term, Miss Carrie M. Reynolds, teacher. Attendance was small and irregular, average 6.55, with 19 registered—barely one third ! The visitor found four at school his first visit and six the second. These six were one of said four and five from the absent ones of the first visit. Nothing need be said of *progress* or *profit*.

Dist. No. 3. Fall term taught by Wilbert S. Case, the only male teacher in town during the year. His first term and fairly successful. Summer term was in charge of Miss Jennie G. Bonney, also a beginner. The school appeared very well, a marked improvement, especially in order and discipline.

No. 4. Had one term of twelve weeks taught by Miss Bertha E. Emmons, a teacher of apparently superior education. Also the few pupils were well advanced. It was reasonable to expect more than usual in good results, but it seemed to the visitor at the close of term that the progress made and benefit received by the scholars was not what it ought to have been. This school is quite small, average attendance but 4.5. Enumeration last made shows but two of school age residing in the district. The question comes up whether the number who might attend is sufficient to make a separate school profitable.

No. 5. Miss Jessie M. Weed, teacher of first term, Miss Alma L. Reynolds, of second. Both experienced teachers and both but partially successful. The school is backward, stronger numerically than intellectually. A good part are children of foreigners, having but a temporary residence here. There seems but little to encourage and stimulate a teacher and draw out her best work.

No. 6. Fall term by Miss Kate Seymour, a beginner. School quiet, good order. Progress fair in spite of circumstances. Acting visitor made two visits, district committee one. None others called. Probably few of the

parents even saw the teacher in the whole term, much less gave her a word of cheer. How much can be expected of this and similar districts? Summer term began by Miss Nellie M. Marsh with promise of a highly successful term. Closed after three weeks schooling by the serious illness of Miss Marsh. Remainder of term (9 weeks) by Miss Anna L. Mills with fair success. Another small school, average attendance less than six. Of scholars belonging to district but 4.65.

No. 7. This district was fortunate in securing for the year a thorough, energetic capable teacher in Miss Flora L. Gaines. The school appeared to the visitor to make steady and excellent progress for both terms.

No. 8. Mrs. Mary A. Stanton, teacher for the year. Attendance of summer term quite irregular. The school has a low average for so large a school and of course a low scholarship. The remedy is mostly with the parents. They should cordially sustain a teacher in her work. In no other way can they aid her and at the same time directly benefit the children so well as by sending them regularly to school.

No. 9. Your visitor has nothing special to report in regard to the school in this district. There has been no marked improvement over the preceding year. Parents and others do not visit the school often enough. More attention should be paid to penmanship. The attendance grows smaller each term.

No. 10. Miss Hattie N. Greene taught eight weeks of the fall term and the register then shows a vacation of four weeks after which the term was completed by Miss Lena E. Bacon. The reason of this change is unknown to the secretary. Miss Bacon also taught the winter term.

No. 11. Both terms were under the charge of Miss Emily J. Johnson. She well sustained her record as a good teacher, as shown in the prosperity and good appearance of the school. The district contributed its fuel, a custom well worthy of imitation for other districts.

Improvements Etc. Districts 1, 5 and 6 have earned a word of commendation for enterprise and liberality. New out-buildings have been built and other repairs have been made and paid for by individual money or labor. There is still room for improvement. Many school rooms need maps and reference books—not for ornament, but as actual necessities—as daily helps. (See the liberal offer of the state in this matter.)

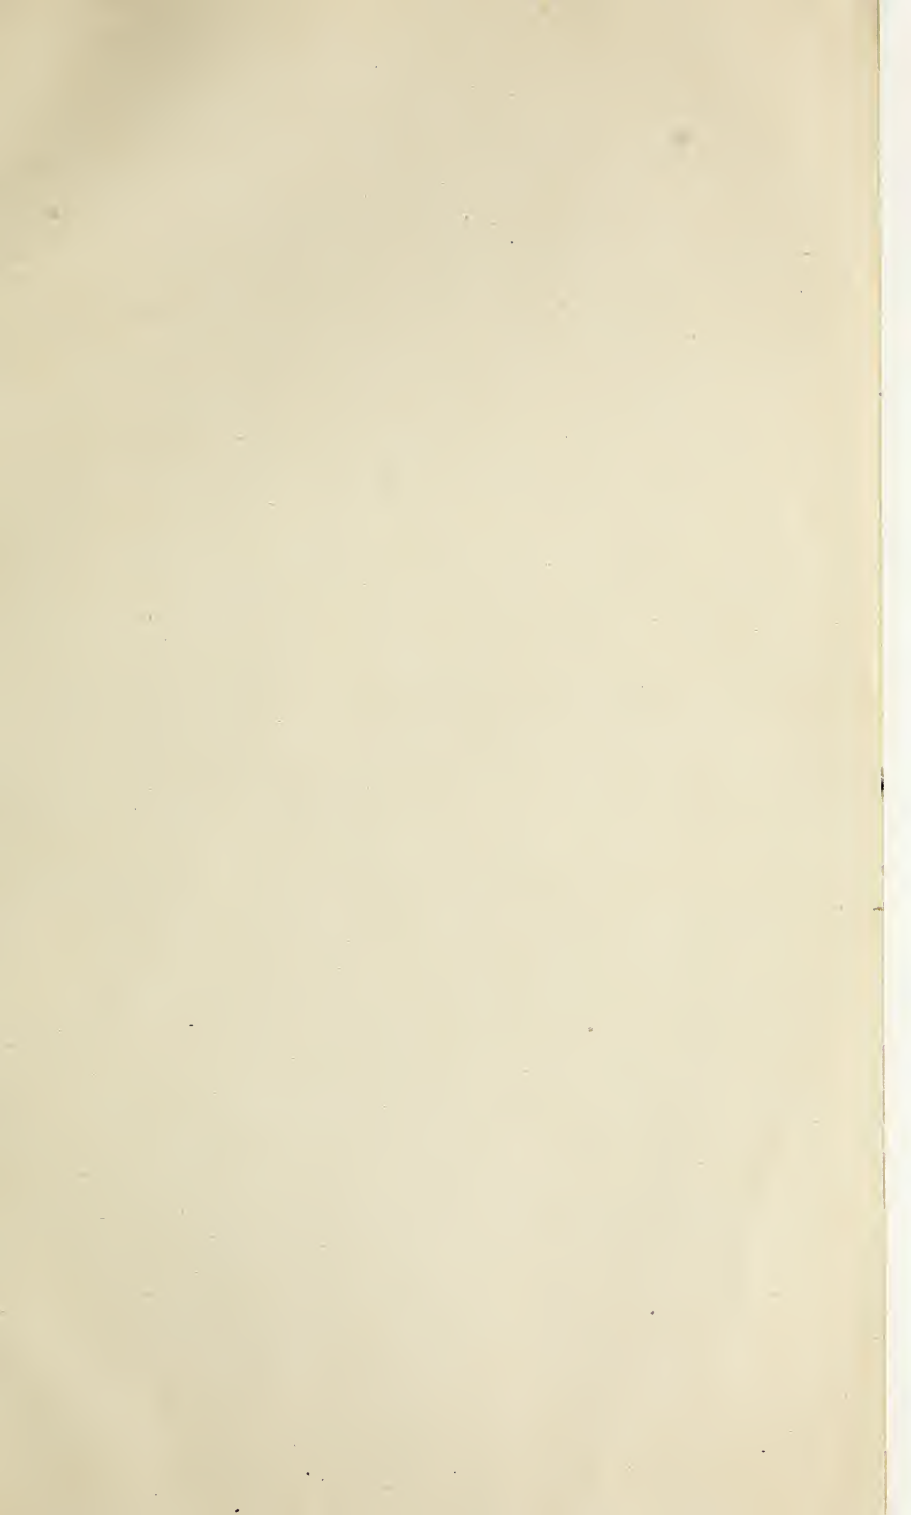

The visitor would be only too glad if able to report a better state of things with the schools generally. The evil of irregular attendance, the great foe to progress, seems to increase. Absence or tardiness is more common. Numerous holidays add to the evil by lessening actual school days. One register shows no less than eight in two terms.

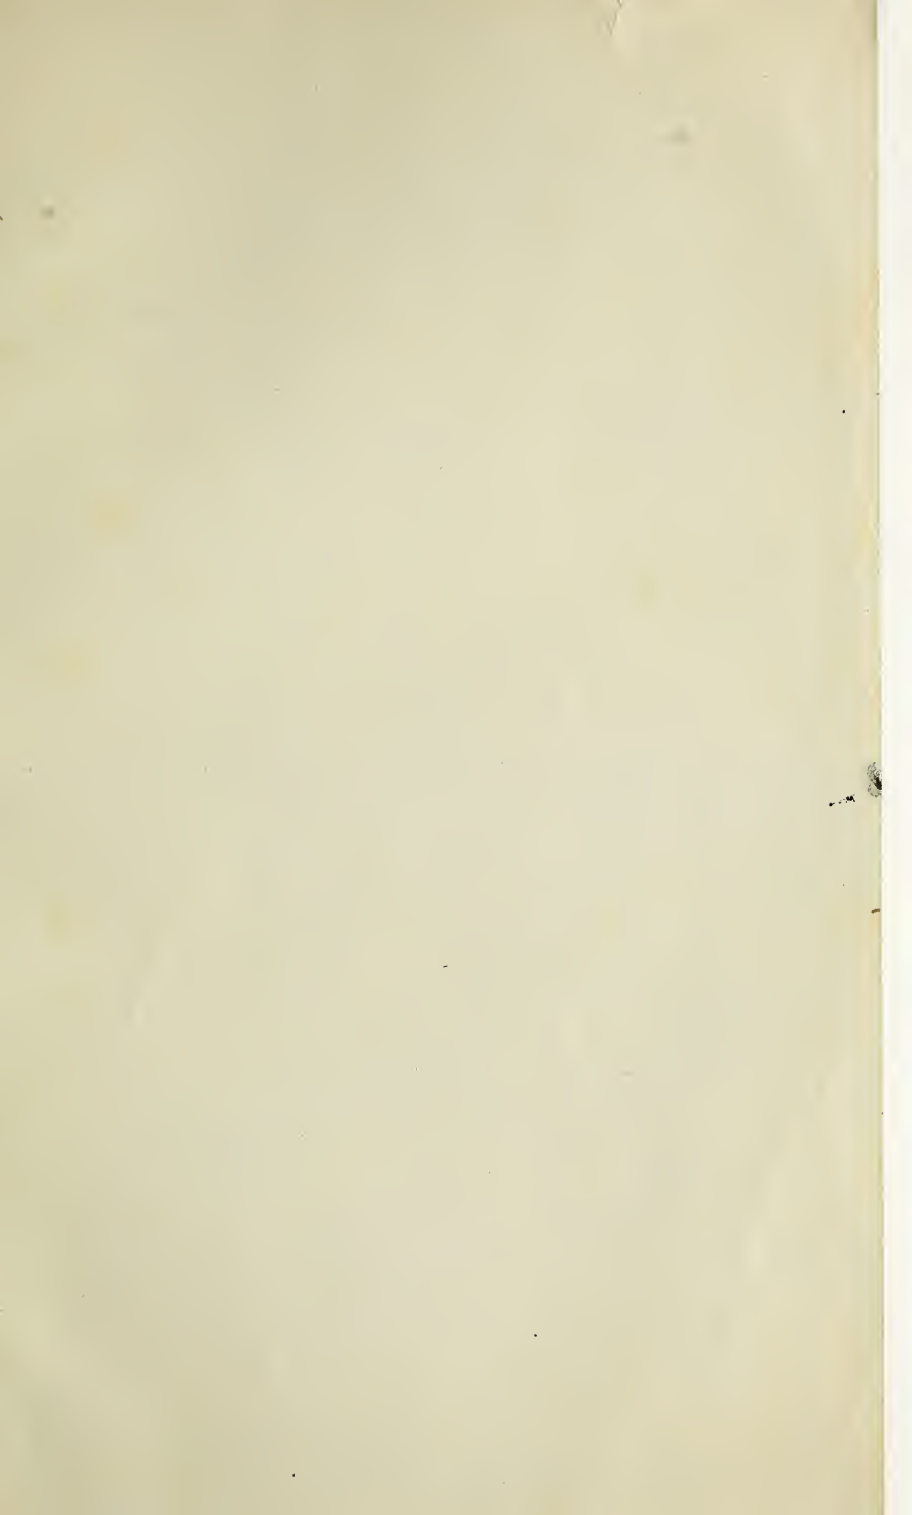

District officers sometimes neglect their duties. They fail to visit, as required by law. They also fail to make returns, or they send incomplete ones. The district returns to be made in July are not all received by the secretary at this date (Sept. 24th), therefore a full statistical report cannot be made to the town.

Another unpleasant topic is visitation of schools by parents. The interest of parents in the schools their children attend when shown by actions as well as words, goes very far towards making them successful. Judging by their failure in this town to visit we may infer either perfect confidence in the teacher, or perfect indifference in the school progress and welfare of their children. The children will not reap full benefits of schooling until parents show an intelligent desire and honest effort to make the schools better. Public sentiment needs awakening. It should demand of the parent that he faithfully do his duty to his children and insure to them their right to at least a *good common school education*.

Respectfully submitted,

GEO. A. WEED,
Acting Visitor.
